Harry will open his eyes and see a wonderful world to be alive in. Harry will be resurrected to life again here with us just like Lazarus only better. When Harry lives again it will be under God's kingdom rule. True peace and security will be a reality, no pain, sickness, sorrow and death those will be former things that have passed away. Revelation 21:3&4 tells us those wonderful things ahead. So for now we wait, but soon Harry will here his voice and wake up. What a wonderful day that will be.
