## **Melinda Bartoszewicz**

---

Melinda Bartoszewicz Melinda Lee Bartoszewicz, of Quincy, Florida, passed away on May 5th, 2017. Melinda was a Registered Nurse, an avid naturalist and bird lover, dog lover, gardener, photographer and the most wonderful cook. Melinda was born on November 19, 1965 in Fernandina Beach, Florida to Franklin and Annette Lee. She graduated from the Florida State University and was a passionate Seminoles fan. She had a life long love of nature and enjoyed photographing the birds that came to her many feeders and to the wildlife refuges near her home. Melinda will be forever missed by her Husband of 21 years, Michael; father, Franklin D.R. Lee; sister, Gail Lee-Carter (Richard); brother, Ron F. Lee (Tarah); In-Laws, John and Carol Bartoszewicz; John R. and Sandy Bartoszewicz; Karen and Roger Elmore; and her beloved pets Jasper, Rue and Ollie. A memorial service is planned for a future date.

In lieu of flowers Melinda would have appreciated a tribute donation to her favorite associations: The Cornell Lab of Ornithology ( [Birds.Cornell.Edu](http://Birds.Cornell.Edu)) or the Nature Conservancy ( [Support.Nature.Org](http://Support.Nature.Org)). Tholley Taylor with Lifesong Funerals & Cremations is assisting the family with arrangements.

I am so sorry for the loss of Melinda. Please family and friends please accept my condolences. Here is comfort with the written word of God for you to consider. In the book of John it states that all those in memorial tombs and graves will be resurrected. Like Lazarus, Melinda will come back to life with us again. But she won't be lost again, death will be no more. We will enjoy her forever. What a wonderful day to look forward to.

What a marvelous event the earthly resurrection will be! It will be a time of irrepressible joy when families broken apart by death will be reunited! The Bible says that just as a tree may be cut down and yet sprout again, God can raise from the dead those in his memory. (Job 14:14,5)
