

Date of Birth
Feb 08, 1999

Date of Passing
Sep 06, 2017

Carlecia Sanders

My Future

I was a very smart, beautiful, young lady. I always respected my elders and did what I was suppose to do. I was so amazed to start middle school at Hughes High School where I met some real friends and left there my 9th grade year for Withrow University High School. I had a baby at 16 yrs old and people started to count me out as if I wasn't going to gradute but I proved everyone wrong. I still made honor roll every quarter and kept up on my work. I graduated high school with a 3.0 GPA and was accepted with scholorships to other schools but I chose to start college at UC Blue Ash, University of Cincinnati! I always was positive and helped people with their work or if they were down. People were always able to count on me!

I bought my first car by myself and strived to start my career as a nurse. As I started my nursing career I got pregnant and again and had a beautiful baby girl. I've been through a few break ups but I finally got married to the guy I had my son and daughter by.

I am leaving behind my mother Tiffany Sanders, two sisters named La'Tiffany Sanders & Alicia Sanders, two brothers Deonte Armstrong and Tamecko Sanders. Also my 25yr old son and his two children, my 18 yr old daughter and my Amazing husband. Its just so sad to see myself planing out my own obituary. I just want all my grandkids to know that I love them from above and beyond. Distance doesn't mean a thing I just wish yall were here sooner so we could have shared some memories together. I just want all you guys to keep doing what you are doing and dont ever let this break you. I dont want to see anyone down bad and hurting, I just want all of you guys to strive for the better and think of me when you all are at your lowest point.
