Alyssa Jade Richardson

A life well lived

She is a beautiful young woman with a bright future. She wanted to get her GED and go to college to be a Detective. She loved listening to music, dancing, watch action and horror movies, play video games, go shopping, hanging out with her Bestfriends and her boyfriend, eating food, sleeping, doing homework, cooking, playing with her dog named Izzy and she loved it when she met her boyfriend for the first time she was nervous but SUPER excited she literally spent 2 hours getting ready. She was very caring, honest , loyal, funny and sarcastic.
