Tracy Thompson Carver

Tracy passed peacefully on July 23rd in his home that he shared with his fiancée and step children in San Rafael, CA. He was battling ALS and although his family and friends knew this day would come, it came much faster than any of us would have imagined. Tracy is survived by his immediate family in the East Bay and his loving Fiance, Erinne Mickle, and her two children Kelsie and Culley, Tracy will be remembered as a person who took care of others first and always had a great attitude, strong sense of wit, and humor to the day of his death. We will miss you tremendously Tracy but know you are now over all of us.
