Brandon Ward

To Our Beloved Brandon. Forever in our Hearts.

Brandon, a name that brought light and joy in the room even before he entered. Brandon was born February 17, 1995 to Wanita Ward in Baltimore, MD and was the youngest of 3 boys. Even as the youngest he was always ahead of the game and made sure everyone in the family was always on their "A Game" as he would call it. He had dreams of becoming a Computer Engineer and receive his bachelor's degree at the University of Ohio. Unfortunately this dream was stolen when one night while out with his friends he caught a bullet that was not intended for him. He leaves behind a great and loving family, friends, mentors, and even mentees.
