My condolences for the family and friends. Rex and I were working hard for the next set of age gradings, friday I received his last of hundreds of mails this year to me and sunday he passed away. His enormous knowledge isn't attainable any more. Strength to all.

Heartfelt condolences to the family from the USATF Florida Assn. We had the gift of his company and wisdom at the recent convention. We have lost a "Great Man"... a toiler. "The heights of great men reached and kept, were not attained through sudden flight; but they, while their companions slept, were toiling upward through the night" Wadsworth. Sadly missed.

Rex Harvey will be missed. He did much to lead the social movement of Masters Athletics. The impact of his life was and is felt around the world. He gave more than he took from life. He was a strong leader: a person of commitment and principles. I have known and worked with Rex for years from local to world levels. His expertise and commitment are not replaceable. My thoughts are with his family and all those that knew him and whose lives were impacted by him. Unfortunately I cannot attend the funeral, but I will do my best to honor and remember him by living a life in his footsteps of excellence and service to others.
