Paul R Wendt

"Most important thought, if you love someone, tell him or her, for you may never know what tomorrow has in store for you" Walter Payton

Paul gained his wings June 10th, 2020. The sudden unexpected turn in his health conditions were beyond his control. Paul was a ball of fire that enjoyed fishing, his HANDSOME dog Tanner, of course anything to do with CHICAGO .. BEARS..CUBS..you name is he was a die hard CHICAGO fan, and loved to talk "smack" with his girlfriend Angela Janus anytime the Packers or Brewers were playing CHICAGO. PAUL have been a great you are AND will forever be loved and cherished with all who you knew you, and loved. Paul you will always be remembered in life and spirit. You will be missed forever. Paul would want us to be smiling ..laughing and enjoying life. He will be dancing around like a Leprechaun (which also became a known nickname..he was proud of) ..watching us from above
